servicenow. **IAdea**

Enhanced Room Booking Experience with the powerful combination of ServiceNow® Workplace Reservation Management and IAdea Room Panel

Streamlined Deployment
Accelerate meeting room setup with intuitive, plug & play solution.

Customizable Interface
Your brand, your panel. Personalize effortlessly.

Enhanced Room Booking Experience
Instant booking, calendar checks, and visual status light on-site.

Offline Mode
Scan QR for backup booking via phone, even offline.

Seamless Outlook & Google Calendar Integration
Create reservations natively within Microsoft Outlook or Google Calendar

Tailored Space Management Settings
Configure settings to fit your on-site bookings and cancellations needs

Optimize the utilization of your available space

Enhance your workspace efficiency with our user-centric room booking panels. Designed for ease and intuitiveness, these panels empower informed decision-making, optimizing room utilization and boosting productivity. Effortlessly identify room availability with visible colored LED lights, ensuring a seamless and professional booking experience.

## Book on site with Seamless Calendar Sync

Enjoy the seamless integration of ServiceNow and IAdea Room Panel for a unified meeting experience. Search, reserve, and check-in for any workspace in any neighborhood on site through meeting room panel or through your phone.
